

## Become a Partner

By partnering with Habitat for Humanity of Huron Valley (HHHV) you bring strength, stability and self-reliance to local families and our community. You will be restoring hope, helping break the cycle of poverty and ensuring more children grow up in a stable home.

Your gift has an immense impact not only on one family or individual, but on our community as a whole. Because each Habitat partner family pays their mortgage directly back to Habitat, the funds that you provide to renovate homes will be continuously reinvested in our programs, allowing us to renovate more homes and offer other programs for more in need.

Your partnership improves the community we call home. **Let's build the future of our community together.**

**Women Build** is an opportunity for women to take a proactive step in serving our communities. It provides an experience for women to empower other women and their families. It's for women who want to learn how to build. Who want to make a difference in the life of a local woman.

Join us as a sponsor of Women Build (March - May) to help us build strength, stability and independence for a future Habitat homeowner.

Contact Leah at [lborst@h4h.org](mailto:lborst@h4h.org) or 734-882-2004
